

U. S. SAFETY-FIRST SPECIAL DUE HERE

Is Making Tour to Teach
Citizens How to Pre-
serve Life.

IN TULSA JULY 15

Train Made Up of 13 Steel
Cars; Government At-
taches Accompany.

The government Safety First special train, which is being transported over the entire country, will be on exhibition in Tulsa July 15, according to advice received yesterday from authorities of the M. K. & T. railroad, which is handling the train in this section.

At various expositions and world's fairs, the federal government's activities along the line of life saving and property saving have been explained to those who attended those great educational affairs. Persons who have visited the nation's capital also have had opportunity to know what the government has been doing along these lines but the great majority of persons have little knowledge of the vast organization effected to protect the people in peace as well as in war.

To Show Exhibits.

The United States government has arranged through Honorable Franklin K. Lane, secretary of the interior, and the Missouri, Kansas & Texas railway to show these exhibits to the people in this territory. Accordingly 13 steel cars have been taken from regular service and placed at the disposal of the government.

In this equipment there are nine coaches and one baggage car to contain the government exhibit; two sleeping cars and dining car for the officers and employees.

The interiors of the cars are arranged by the treasury department, war department, department of the navy, department of the interior, department of agriculture, interstate commerce commission and American Red Cross society.

Talk on Health.

The coast guard service will exhibit a modern full size, self-bailing surf boat, beach apparatus wagon, rapid firing gun for throwing life lines to ships in distress, breeches buoy for life saving at sea. The public health service, the branch of the government that is charged with the responsibility of keeping epidemics of dread disease away from the shores of the United States, and of assisting in stamping out epidemics that occur within its borders, show by models and charts what this service is accomplishing for the health of the people.

The exhibition will be entirely free and will be open from 1 o'clock in the afternoon until 9 o'clock in the evening, remaining in Tulsa only one day.

RECREANT YOUTHS HELD FOR ROBBERY

Were Blossoming Out Into Real
Criminals When Officers
Nab Them.

Special to The World.
BARTLESVILLE, Okla., June 30.—Four Bartlesville boys "hit the trail" the other day, but it was not the "saw-dust" trail, but the trail of crime. Now they are being held in the county jail awaiting a hearing in the juvenile court.

For some time the youths had been "junking," which in common parlance means picking up junk wherever found and selling it at about a fourth its cost. Encouraged by their success they decided to branch out, so attempted to rob a confectionery store in broad daylight. Under-sheriff Jess LaPrade was coming along the street near the store and saw the boys. They were arrested. The four youths had already been made wards of the juvenile and now are to be sent to the state reformatory.

WILL ERECT BANK BUILDING AT ONCE

New 12-Story Structure
Will Be Home of Ex-
change National.

Plans are nearing completion for the new 12-story bank and office building which is to be erected within the next year at the corner of Boston and Third by the Exchange National bank.

The plans as now drawn call for a modern structure, with basement and when completed the edifice will be one of the finest in the entire southwest.

The foundation will be 90x90 feet and will be constructed to carry the great weight of additional stories should later plans be drawn for other than the 12 stories now agreed upon. The first floor, which will be arranged especially for a banking business, will be one of the finest in this section of the country, with a ceiling of thirty feet. Under this, according to those who have seen the plans, will be a basement containing vaults, directors' rooms and other compartments, while below will be the sub-basement of power plants and machine rooms.

The actual work of excavating for the new structure is expected to begin about the middle of next month and the work of erecting the building probably will be begun during August. The specifications call for the completion of the building by June 1, 1917.

Fruitful Topics.

"Mrs. Chatter seems to be quite a conversationalist."

"Yes, she has three cars to brag about and six servants to complain of."

FIRST CLASS JOBS GO BEGGING HERE

So Much Building and Har-
vesting, Enough Hands
Cannot Be Found.

RECORDS ARE BROKEN

Days Easterly, of the State
Employment Bureau
Has Places Open.

The past month has shown an increase of nearly 100 per cent over any other similar period in the history of the state free employment bureau, and positions have been found for nine hundred men and women, according to Dave Easterly, who has charge of the office. Previously the largest number furnished jobs during one month was five hundred and thirty.

Never before have jobs been so numerous and applicants so few. The employment bureau has been furnishing an average of thirty men a day to employers during the past month, and there are still calls on hand for about two hundred and fifty men and a score of women.

Many men and boys have been sent to the western part of the state during the past few weeks to assist in the harvest fields. There are orders on file in the bureau now for many more men, but the cutting has been nearly completed and Easterly is not making a great effort to find men to work in the fields. Harvest hands are commanding a salary of \$2.50 a day, together with board and room.

More Calls Than Men.

There are more calls for common laborers in the city than can be filled at present. In some instances important work is being hung up because of the great scarcity of labor. Despite the lack of workmen, the wage scale is holding steady at from \$2 to \$2.50 a day.

Accordingly to Easterly, farm hands and common laborers have never before been so scarce as at present. While a year ago at this time the scale was full of men looking for work, conditions now are exactly reversed.

Then, too, there are many places for women and girls that remain unfilled. It is said that fully a hundred jobs are open now for waitresses and domestics, both black and white.

There are several good openings for a man and his wife on good farms in this vicinity, but so far there have been no applicants, and Easterly is convinced that the call of the city has got the "back to the farm" slogan beaten.

Not only are men and women needed in this city and community at once, but the era of prosperity seems to have the entire southwest in its grasp, for calls come from the attention of the local bureau every day from other cities and towns.

"No excuse for anybody being hungry these days," commented Easterly.

HORSESHOERS' UNION COMES INTO FOLD

Seated With Trades Labor Council;
Prepares for the
Fourth.

Delegates from the horseshoers' union, the latest labor organization in the city, were seated last night at the regular weekly meeting of the Trades Labor council. The new union starts off with a large membership and with bright prospects. Its delegates were given a rousing reception.

The horseshoers' union was organized by Organizer Antense of the A. F. of L.

A resolution was passed by the council endorsing the action of W. D. Matthews, state commissioner of charities and corrections, in seeking to enjoin the city commissioners from further use of the city jail and condemning it as a public nuisance.

Great preparations are going forward for the entertaining of the state federation of labor, which meets in annual convention here during the week of August 21. There will be many attractions and shows here during the gala week and the streets will be filled with decorations and festooning. The event is being advertised all over the state at present and a great crowd will be present.

Cooks, waiters and waitresses' union reported further progress in the strike they have been waging against alleged "unfair" restaurants and eating places during the past several weeks. It was announced that three of the largest and best known restaurants in the city had signed an agreement during the past few days to accede to all the demands of the strikers.

The delegates from the chauffeur and teamsters' union did not apply for admission last night, but it was said rapid progress is being made in organizing the new labor body.

McCumber Wins.

FARGO, N. D., June 29.—United States Senator P. J. McCumber has defeated Governor L. B. Hanson for the nomination as senator from North Dakota on the Republican ticket, according to returns available today from yesterday's primary. John Burke, United States treasurer, is leading F. O. Hellstrom on the Democratic senatorial ticket.

FRECKLES

Now is the Time to Get Rid of These
Ugly Spots.

There's no longer the slightest need of feeling ashamed of your freckles, as the prescription ointment—double strength—is guaranteed to remove these homely spots.

Simply get an ounce of ointment—double strength—from any drugist and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful clear complexion.

Be sure to ask for the double strength ointment as this is sold under guarantee of money back if it fails to remove freckles.—adv.

TENNIS PRELIMS SET FOR SATURDAY

More Than Fifty Men Are Expected
to Take Part; Will Open
City Tourney.

Preliminaries in the open tournament to be staged the Fourth of July on the Y. M. C. A. courts will begin at 3 o'clock this afternoon, continuing until dark. Entries are scheduled to close today and it is probable that more than fifty men will be featured when the final draft is made.

All preliminaries will be played Saturday and Monday afternoons. Play will begin at 3 o'clock tomorrow and 5 o'clock Monday. The semifinals and finals will be played July 4.

Some of the best tennis men in the city have joined the ranks of contestants and the schedule will provide fast matches. The tournament is open to anyone and is designed as a preliminary to the city championship tournament.

Two prizes, a racket cover of especial quality, donated by the Dushon Sporting Goods company, and a racket press given by the J. W. Megee Sporting Goods company will be provided for winner and runnerup.

L. C. Murray will have charge of drawing up the charts and will be officer of the day. All applications and inquiries should be made to him. The tournament will be singles only, five courts being used on all occasions.

Some of the men who will enter the tournament are Sloan, city champion for many years; Pomeroy, Terry, Graham, Lockwood, James, Campbell and Bates.

CHURCHMEN PLAN SUNDAY ROUNDUP

Will Attempt to Crowd All Protes-
tant Forums. Will Fight
Open Sunday.

All Tulsa will go to church Sunday, July 9, if the combined efforts of all Protestant churches are available. At meeting of the Protestant alliance last week it was decided to set this Sabbath for a concentrated effort in this direction.

A very small number of the population of the city are church members or attend church, and it is the plan to crowd every building on that day. Publicity and personal invitations will be used by those in charge of the campaign.

Pastors will preach sermons encouraging the fight being made by business houses and working men in favor of closing shops on Sunday. Many of the shops of the city have formed a habit of remaining open Sunday morning or even all day. A recent movement has eliminated a great deal of this.

110 ARE KILLED IN FRENCH AIR RAIDS

Most of Victims Are Women and
Children. Attacks Occurred
at Karlsruhe.

BERLIN, June 30.—A report of the aeroplane raid on Karlsruhe June 22 shows that a hundred and ten persons, including five women and 75 children, were killed and 147 injured, including twenty women and 29 children. Many of the injured are expected to die.

The streets were crowded at the time of the raid because of the Corpus Christi feast.

The French official communication issued on the night of June 22 said that in reprisal for successive bombardments carried out by the Germans on the cities of Bayonne and Lunenburg French aerial squadrons had bombed Treves and Karlsruhe.

"Y" ANNIVERSARY IN FALE

Directors Postpone First Annual Cele-
bration Until October.

At a special meeting of the board of directors yesterday afternoon it was decided to hold the first annual anniversary of the opening of the Young Men's Christian association building in Tulsa in October. The first year will be up in August, but the fact that so many people are out of the city at that time caused the directors to hold over the celebration.

It is planned to issue a printed report of the year's activities and in addition to provide graphs and charts, outlining the routine of the "Y."

Unique Celebration.

Special to The World.
RINGLING, Okla., June 30.—Agricultural demonstration work as a feature of a Fourth of July celebration is a unique move made by C. C. Stinson, Jefferson county farm demonstration agent. The Wauwata chamber of commerce has provided a booth for this work during their independence day festivities and Mr. Stinson has arranged for a lecturer from the A. & M. college to be present.

Six varieties of cotton are this year being grown on the demonstration farm of D. D. Thompson. Each has been chopped and the growth for each variety has been rapid. From this field probably will come the kind of cotton best adapted to the soil and climate of southern Oklahoma.

GREAT SALADIN WAS KURD.

Enemy of Richard Coeur de Leon
Belonged to Hated Race.

The Kurds, whose transfer of allegiance from Turkey to Russia in consequence of the fall of Erzerum, is now alarming the official world at Constantinople, trace back not only to the Carduchian classical days, but far beyond that to the Turanian Kurds, who were a powerful nation in Assyrian times.

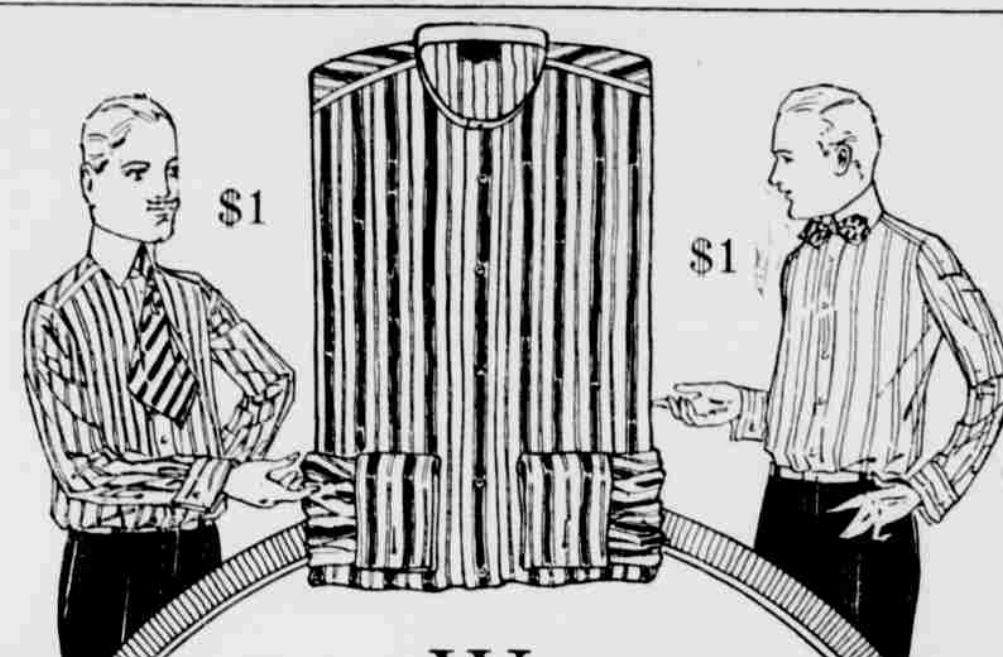

When Nineveh fell they became merged in the Medes and up to today have been subject partly to Persia and partly to Turkey. Being alien to the former in religion and to the latter in language, it is not surprising that they have an indifferent reputation among their neighbors.

But this is not altogether deserved, for, though wild and lawless, they are neither fanatical nor cruel, and are by nature brave and hospitable. The Great Saladin was a Kurd.

SUBSTITUTE FOR "BIG PARDON"

Denizens of Harvard's Gold Coast
Now Say "I'm Sorry."

Words come from Cambridge on the Charles that the denizens of Harvard's gold coast no longer "beg pardon" when they tread on another's shine, or bump against an elbow, or otherwise jar the sensitive nerves of some other body. Instead, there is

KEEP-KOOL!

Any Summer suit may keep you cool—
But will it keep you comfortable and
satisfied throughout the hot days?

No well-dressed man is really com-
fortable unless his suit is smart as
well as cool. He can't be happy
in a Summer Suit that bags and sags.

And so for all of you—KEEP-KOOL

Sturdy, shapely, light as a feather—
fashioned by expert needlemen who've
devoted a lifetime to making wash
suits that blend style with service.

But remember—there's only one
KEEP-KOOL. Look for the KEEP-KOOL
Label and the K-K Guarantee of Satis-
faction in the pocket of every suit.

The little label with the big meaning
